7. (5 SC, INC)*6 (42)

SL ST, cut the yarn, leaving a tail for sewing on the ear.

****ASSEMBLY****

1. Perform face sculpting. See amigurio photo. Insert the needle under the trunk, where you crocheted 6 SL ST, and bring it out under one eye. Then insert the needle above that eye and bring it out above the other eye. Now insert the needle below the other eye and bring it out under the trunk next to the yarn end. Pull the ends tightly to bring the eyes closer together and make the trunk point downwards. Tie several knots and hide the yarn ends in the head.

2. Embroider eyebrows and eyelids.

3. Sew the head to the body. Use 2 pins for even fixation of the head, and then sew. Firmly stuff the neck area with filling. Remove the pins after the head is fully sewn on.

4. Sew the ears to the head as you see fit. You can fold them into a 'teardrop' shape or sew them fully open, higher or lower – it's up to you. The amigurio sewed them at the level of round 20 of the head, 12-13 stitches apart.

CONGRATULATIONS! Your Elephant is ready!
